## Excursions & Activities:

**Great Barrier Reef full day trip** – Get up close and personal with one of Australia’s most remarkable natural gifts. The Great Barrier Reef is blessed with the breathtaking beauty of the world’s largest coral reef. The reef contains an abundance of marine life and comprises of over 3000 individual reef systems and coral cays and literally hundreds of picturesque tropical islands with some of the worlds most beautiful sun-soaked, golden beaches. You will have the opportunity to snorkel in this wonderfully diverse environment with all snorkel equipment included. You also have the option to learn to dive for an additional fee and you can decide this onboard the boat. Lunch is included and you will see two different coral reef viewing areas.

**Skyrail & Kuranda Village** – Embark on a fascinating journey of discovery over and deep into the world’s oldest continually surviving tropical rainforest. The iconic Skyrail experience is a must do Cairns attraction that provides a truly unique perspective of Australia’s World Heritage listed tropical rainforest - immersing guests in the sights, sounds, smells and tranquillity in one of the most botanically fascinating areas on earth. The uniqueness of the Skyrail experience is epitomised by the purpose built gondolas that offer a sustainable birds-eye view of North Queensland’s living natural wonder whose prehistoric ancestry is some 60 million years older than the Amazon. You will also have free time to explore in Kuranda, the hippy town in the clouds at the top of the Skyrail.

**Rainforestation experience** - Set amongst pristine World Heritage Rainforest, Rainforestation is a major tourist attraction combining iconic Australian wildlife, authentic Indigenous culture and the Wet Tropics’ most unique rainforest viewing experience from an authentic WW2 Army Duck. You will be able to hand feed Kangaroos, have your picture taken with a koala and really immerse yourself into the aboriginal culture.
